

FOREIGN DIPLOMATS FEAR REOPENING OF MANDATES QUESTION

Full Exchanges Are Expected Between Governments in Question Before Reply to Note is Made—Much Depends on the Attitude of Japan—Wilson Said He Did Not Agree

(By The Associated Press)
WASHINGTON, April 8.—Secretary Hughes' note to the Japanese, British, French and Italian governments on mandates are being interpreted abroad, according to information in diplomatic circles here as stating an advanced position of the American government. Some diplomats who have studied the text of the communication to Great Britain are apprehensive that it may be considered as reopening the whole subject of mandates. Full exchanges between the governments are expected before any one of them replies to Mr. Hughes. In the opinion of some diplomats, Japan's attitude will determine the position to be taken by Great Britain, France and possibly Italy.

ALIENIST SAYS ROY HARRIS IS O. K. MENTALLY

Detective Thinks He
Has Rooms for Rent
in Upper Story

EITHER THAT OR
COLOSSAL LIAR

(By The Associated Press)
BUFFALO, N. Y., April 8.—Roy Harris who confessed to police Wednesday night that he was one of the principals in the murder in New of Joseph B. Elwell is mentally and physically normal, in the opinion of Dr. James W. Putnam, alienist who made a second examination today.

The examination was made at the request of Detective Sergeant Oswald of New York police department who indicated his belief that Harris' story was the work of a disordered brain.

Oswald questioned Harris at length today without developing, he said, any substantial change in the prisoners story of how he and a companion were hired by a woman to kill Elwell.

Harris, the detective said told a "queer" story of what became of the \$500 he claims to have received from the mysterious "Mrs. Fairchild" in part payment for the murder. He told Oswald he lost \$300 betting "on the horse Man of War to lose."

The rest of the money he said he lost in a poker game. Asks for Examination.
It was after hearing this story that Oswald asked for an examination of Harris by an alienist. He said he had been unable to shake Harris in any details of his account of the murder.

"Of course," he added, "there is nothing in the statement of the man which could not have been gathered by close reading of the newspapers at the time of the murder."

Oswald said his honest opinion was that the man was "a colossal liar."

When told today that his wife had said:

"He's not guilty; just crazy," Harris smiled and said:

"She probably isn't the only one who thinks I have a room or two for rent in my upper story. She bases her belief that I am light in the head on the fact that sometime ago I wrote her a few letters in which I got a bit sentimental. About 99 out of every 100 men would be pronounced crazy if letters which they wrote under the spell of love could be produced."

WILL MAKE KNOWN NEW CUSTOMS REGULATIONS

WASHINGTON, April 8.—New customs regulations making effective recent opinion of former Attorney General Palmer covering shipments of liquor from one foreign port to another via this country will probably be promulgated within the next few days, treasury officials said today.

While the in-transit liquor opinion declared that ships touching at American ports with liquor aboard were violating the prohibition laws officials said the new regulations would not give rise to international embarrassment.

FISHER TO COACH MICHIGAN U.

CINCINNATI, April 8.—Pitcher Ray Fisher telegraphed August Herrman, president of the Cincinnati National League club, today that he had accepted the terms offered to become baseball coach at the University of Michigan, and hoped that his resignation from the Reds would be accepted.

BRITISH EMPIRE IS FACING GREAT LABOR STRUGGLE

General Strike Called
to Begin Tuesday
at Midnight

MINERS CLAIM
PACT EXISTS

(By The Associated Press)
LONDON, April 8.—Tuesday night, unless there is some new development meantime, will see the commencement of the greatest labor struggle in the country's history.

Approximately 2,000,000 workers then will have ceased work in protest against what they consider organized attempt on the part of the employers to enforce a general reduction in wages.

This is the central factor of the labor situation as it developed today in a breakdown in the miners conference and a consequent decision by the triple alliance—

comprising miners, railroad and transport workers—for the first time since it was organized that its entire membership, roughly estimated at 1,000,000 miners and 500,000 each from the railway and transport workers' organizations should quit work in support of the strike of the miners.

The government's standpoint as voiced by Premier Lloyd George in the house of commons is that the action of the miners and the other members of the triple alliance is an attempt by direct action to intimidate parliament and the nation. The premier announced the military and other measures which the government intended to take to defeat this attempt.

Miners See Pact.
The standpoint of the miners is that the sudden removal of control of the coal mines is the result of a pact between the government and the mine owners to enable the owners to enforce an unjustifiable reduction in wages.

The attitude of the railway men is that unless there is support of the miners at the present time, a similar dilemma will happen to the railway men on some future occasion when the railways are released from government control.

The argument of the miners find absolutely no support except on the part of the extreme Socialist newspapers. All the other newspapers condemn them strongly and general regret is expressed that the miners refused to listen to advice of men like Herbert B. Asquith, John R. Clynes and Arthur Henderson.

Mr. Clynes, who is chairman of the parliamentary labor party, made an interesting statement on the adjournment of the house of commons this afternoon. While expressing regret over the miners' decision he said he equally regretted that Premier George had thought it proper to make imputations against the motive of the labor leaders. He concluded by declaring the cost to the country thru the strike likely would be far greater than would have been the case if the government had continued to control the mines a little while longer, until the wage question was settled.

HOWAT AGAIN FOUND GUILTY OF CONTEMPT

(By The Associated Press)
PITTSBURGH, Kans., April 8.—Alexander M. Howat, president of the Kansas United Mine Workers was found guilty of contempt of court in district court today. A peace bond of \$5,000 was imposed by Judge Curran but a stay of execution was granted pending the decision of the Kansas supreme court to which the case is to be appealed.

The sentence provided that Howat pay a fine of \$200, put on a bond of \$5,000, with the state as a guaranty that no further strikes would be called, and that in event of his failure to comply with these terms, he be placed in jail to stay there until payment had been made.

With the stay of execution granted it was only necessary for Howat to put up an appeal bond of \$2,000 and this was immediately effected.

This will make two contempt cases appealed to the Kansas supreme court both in connection with the violation of the injunction granted by Judge Curran.

On April 14, 1920, prohibiting the calling of strikes in the Kansas coal fields. One more action against the leader is pending in which Howat is charged with violating the criminal sections of the Kansas code of industrial relations. That case will be tried at Columbus, in the May term of court.

His brother, James B. McNamara, is serving a life sentence here in connection with the murder charges.

ONE MAN IN NEW YORK KNOWS THE EINSTEIN THEORY

Luck of 'Noted Professor
Seems to be Breaking
Better

GRANTED FREEDOM
OF THE CITY

(By The Associated Press)
NEW YORK, April 8.—Prof. Albert Einstein's luck improved today.

First, he discovered a man in New York, who understood the Einstein theory. Then he had conferred on him the freedom of the city, denied him previously by the stand of Alderman Falconer who declared he never had heard of the scientist.

Professor Einstein dropped in this morning on a class in mathematics and physics at the college of the city of New York while Professor Edward Kasner of Columbia University was expounding the Einstein theory of relativity. When Professor Kasner had finished, Professor Einstein complimented him.

Meanwhile a special meeting of the board of aldermen assembled at the call of Mayor Hylan and by a vote of 56 to 1—the one being Alderman Falconer—adopted a resolution bestowing on the scientist that ephemeral thing known as the freedom of the city.

DEPARTMENT HAS ABANDONED HOPE OF FINDING MEN

Men Who Left Air Station
in Free Balloon Believed
Lost

INVESTIGATION HAS
BEEN ORDERED

(By The Associated Press)
WASHINGTON, April 8.—Hope was practically abandoned by the navy department that the five men who left the Pensacola, Fla., air station in free balloon A-5604 March 22, will be found alive, according to announcement made at the department tonight.

The search has not been abandoned, the statement said, but the hope is uncertain that either the men or the balloon will be found.

A board of investigation has been ordered convened at the naval air station at Pensacola, to inquire into all the circumstances connected with the flight and the subsequent loss of personnel and material. Captain H. H. Christy, commandant of the station, reported today.

The flight was duly authorized, the report said, for purposes of instruction in night flying, four students being carried in addition to the chief quartermaster, George Wilkinson, who was in command.

The report told in detail of the methods of search employed in attempting to locate the big gas bag, seaplanes, launchers, motor boats, destroyers, sub-chasers and dirigibles being used for that purpose.

PLANS ARE MADE FOR ORGANIZATION OF WHEAT GROWERS

National Membership Drive
to Be Started
Soon

OFFICERS NAMED
IN ILLINOIS

(By The Associated Press)
CHICAGO, April 8.—Preliminary organization of the nation's wheat growers into a national cooperative marketing company to market the country's output of grain was completed tonight and plans were being made to actually put the new organization into operation.

Directors of the company to be known as the United States Grain Growers, Inc., were elected today, legal steps preliminary to incorporation under the laws of Delaware were completed and organizations which have formed for the purpose of bringing every grain grower into the organization, it then will be ready to carry out the plans which its sponsors declare will curb grain speculation, obtain larger profits for the farmers, lower the cost of marketing grain and tend to eliminate price fluctuations.

Possibility that the members of the Northwest Wheat Growers would not come into the organization because their plan for compulsory grain pooling was defeated in favor of optional pooling, was lessened when George C. Jewell, Spokane, Wash., general manager of the Northwest company, was elected a director of the new organization. Other reluctant associations asked time in which to make their plans, but indications were they would join.

Districts of the middle west and their officers are as follows:

Iowa: A. L. Middleton, Eagle Grove, Iowa, president of the American Co-operative Publishing Company, Chicago, and executive board member of the Iowa State Farm Bureau Federation, and Frank M. Meyers, secretary of the Farmers' National Grain Dealers' Association and of the Iowa Association.

Illinois: W. C. Eckhart, DeKalb, head of Illinois Agricultural Association's grain marketing department; Fred A. Mudge, Peru, Ill., first vice president Illinois Farmers' Grain Dealers' Association, and R. N. Clark, Stronghurst, Ill., executive committee member, Illinois Agricultural Association.

CHICAGO, April 8.—Ernest Ward, a member of the "Flying Wards," acrobatic troupe, was killed today when he fell about 40 feet while rehearsing an aerial act for a circus. The similarity in names led to first reports that Ernest Ward, the aviation acrobat, had been killed in a fall from his airplane.

PREPARE REPORT TO ACCOMPANY TARIFF MEASURE

Bill Same as One Voted
by Wilson at
Last Session

FARMER MUST BE
ASSURED PROFIT

(By The Associated Press)
WASHINGTON, April 8.—Republican members of the house ways and means committee tonight adopted the sub-committee report to accompany the re-introduction in congress Monday of the emergency tariff bill vetoed in the last session by President Wilson.

The report was written by Representative Young of North Dakota, chairman of the committee's sub-committee on agriculture, who announced the house would be asked to consider the bill Wednesday.

In recommending re-passage, the report declares that revival of all business is largely dependent upon restoration to the farmers of their lost purchasing power, adding that conditions have not changed with respect to the inability to dispose of their products at reasonable prices.

The "paralysis" of agriculture has not forced a reduction in prices of commodities farmers must buy, the report says, and warns against a complete collapse of other lines of trade unless food production is encouraged.

Public Has Definite Interest
"The consuming public and the commercial public have a definite interest with the farmer in helping to make cost of production and a fair profit," the report continues.

"The primary interest of the consuming public is that the farmer keep on producing food. The farmer will do that only if he makes a profit. If he must sell his commodities below cost or production for a term of years he must either go out of business or so lower his standard of living that he becomes a public menace. In either event the consumer will suffer from reduced supplies."

Danger of permitting a continued dumping of foreign products into American markets also concerns the committee, the report says, predicting that if this continues there will be a more rapid depletion of the ranks of the farmers than that caused by adverse marketing of home products.

The report says a revival of agriculture, with its consequent advantageous reaction on other lines would aid in providing employment for men now idle and denies the proposed course would have the effect of advancing retail prices.

WIDOW WITHDRAWS HER OBJECTIONS TO HUSBAND'S WILL

Contest Has Attracted Wide-
spread Attention Thru-
out Country

BASIS OF SETTLEMENT
NOT MADE KNOWN

(By The Associated Press)
NEW YORK, April 8.—The contest over the will of Theodore P. Shonts, New York traction magnate was settled late today when his widow withdrew her objection to probate of the instrument and with it all her allegations concerning Mrs. Amanda C. Thomas, to whom the bulk of the estate was left.

After the petition withdrawing the objections had been attended to the attorneys appeared before Surrogate Foley and the will was admitted to probate, formally terminating the contest instituted by Mrs. Shonts, Dec. 4, 1919.

In her petition Mrs. Shonts declared she is convinced her objections cannot be sustained and that her husband possessed the necessary mental capacity to execute the document and that it is a valid and legal instrument.

With the petition Mrs. Shonts also filed a deposition retracting all charges she had made against Mrs. Thomas.

There was nothing in the papers to indicate on what basis the settlement of the contest was made.

WILL BAR CHILDREN FROM CHICAGO STREETS

CHICAGO, April 8.—The city council today passed an ordinance making it illegal for children under the age of 16 to be on the streets after 10 p. m., unless accompanied by their parents or a guardian of mature age.

The ordinance was passed after being recommended by several former foremen of grand juries and social workers.

MEETING POSTPONED

The meeting of the Humane Society which was to have been held tonight has been postponed for one week. The society will meet on Saturday, April 16, at the home of Mrs. Henry Hall, 604 West College avenue.

GERMANY IS ABLE TO PAY FIFTEEN BILLIONS OPINION OF BARUCH

Chairman of Reparations Commission Gives
Out Figures on What He Thinks That She
Can Pay—Says That Germany Must Get
to Work if France and Allies Are to be Paid

(By The Associated Press)
WASHINGTON, April 8.—Fifteen billions as the sum Germany is able and probably willing to pay in reparations, is estimated by B. M. Baruch, chairman of the American reparations commission in the current issue of the official publication of the chamber of commerce.

Mr. Baruch who took a large part in drafting the economic sections of the peace treaty also suggests with terms a conditional cancellation of inter-allied indebtedness.

As one of the terms he suggests instead of cancelling outright any part of the British indebtedness, that the United States cancel conditionally the amount spent by Great Britain in this country for munitions during the war this sum to be a demand liability without interest and to be collected in case this country becomes involved in a future war. He also proposes that the cancellation of indebtedness might be made a means of leveling preferential tariff barriers.

Could Pay Capital Sum.
The consensus in Paris, says Mr. Baruch, was that Germany could pay at least the capital sum of \$15,000,000,000. About \$3,000,000,000 has been paid. \$56,000,000,000 spread over forty-two years, is equal to about \$13,500,000,000 at going rates of interest—say eight and one half per cent which foreign nations have to pay in this market.

In the discussion of German reparations the allies expected always took five per cent which would give to \$56,000,000,000 spread over 42 years at present value of \$21,000,000,000.

"It is conceded that Germany cannot pay as much as she ought to pay, but I am not one of those who think they should not require Germany to pay the largest possible sum. If France and other allies are to be compensated, Germany must get to work."

The crux of the world industrial and commercial problem lies in the fixing of the reparations that Germany must pay. Fixing the reparations would be followed in my opinion, by a gradual establishment of German credit, by an immediate rise in the world exchange, by an increase in the purchasing power of all the nations and in a world wide resumption of commerce. Germany must work to produce the wealth with which to pay. In helping herself she will do what is more important—she will be helping us all."

S. Davies Warfield, president of the association and Darwin P. Kinsey, president of the New York Life Insurance company conferred for an hour with the president on the transportation situation and suggested the conference as a means for adjusting difficulties the roads face. The request from the unions was in the form of a telegram from B. M. Jewell, head of the railway employees department to the American Federation of Labor.

Coincident with the conference and receipt of the telegram, Chairman Cummins of the senate interstate commerce committee, announced he had drafted a resolution for introduction next week authorizing a general and exhaustive investigation of railroad affairs. Means for bringing about a reduction in rates, operating costs and the question of efficiency under private ownership will be the principal points of investigation.

No Comment Made
No comment on the conference today was made at the white house, but a memorandum left with the president by representatives of the securities owners was made public by them suggesting that properly called meetings between the men and those representing the railroads be held under the auspices of the existing governmental agencies—the labor board and the interstate commerce commission. The memorandum added:

"We are on record that wage adjustment is only part of the problem," and said this "should be attained under circumstances carrying assurances to railway workers that whatever may be brought about is reasonable and just."

"It occurs to us," the statement continued, "that it is not an unreasonable position to take, in part of those representing the men that deficiencies in revenue should not be met by wage reductions alone, unaccompanied by evidences of the definite intentions to bring about obligatory general economies."

The securities owners, it was added, felt assured that in cases in which an agreement cannot be reached with an individual railroad management, the employees would enter into immediate discussion of their differences with regional boards, equally divided, formed by each of the four groups of railways as now arranged by the commerce commission for rate making purposes. Procedure of this character it was said is encouraged by the Esch-Cummins act and would avoid endless hearings and clogging of the dockets of the labor board.

The telegram to the president from the labor unions was that made public last night at Chicago, proposing that all wage disputes be held in abeyance pending the conference and including twelve points, described as "labor's self-evident and inalienable rights," which would have to be settled at the suggested conference.

NO COMMENT FROM
THE WHITE HOUSE

(By The Associated Press)
WASHINGTON, April 8.—The National Association of Owners of Railway Securities joined today with five railroad labor unions in proposing that President Harding call a conference of representatives of owners and employees to discuss the railroad problem particularly as it affects wages and working conditions.

S. Davies Warfield, president of the association and Darwin P. HERON ADDRESSED LOCAL ROTARY CLUB

Speaker Made Plain Fact That Organization Is Based On Unselfish Principles.

"Jim" Heron, a Rotarian, of New York City, who in the past few months has addressed 160 or more Rotary clubs, was the speaker Friday at the regular luncheon of the Jacksonville Rotary club. This luncheon was held at the First Baptist church, with 125 present as it was competitors' day and the members of the club invited as guests either competitors or persons associated with them in business.

The ladies of the church served an excellent luncheon and after the final course President Pontius very briefly introduced the speaker. Mr. Heron who speaks with something of a Scotch brogue, told several good stories before he began on the serious discussion of his theme.

It is Mr. Heron's thought that business is not merely the means of a livelihood for men who engage in it, but should be conducted with the ideal that business should render the best possible service to the community and to humanity.

Mr. Heron closed his address with the presentation of a play written to give emphasis to Rotary principles and ideals. The few characters are a hard-listed manufacturer, one of the assistant managers and the wife of the later. Mr. Heron took all three parts in a way that left no doubt about his interpretive ability.

At the brief business session R. Y. Rowe for his committee stated that a special returning train for delegates to the district conference in Peoria has been definitely arranged for. Indications are now that the Jacksonville delegation will be the largest ever sent to a state or district convention from this city.

"MY SOLDIER GIRL" A Brilliant Musical Play.

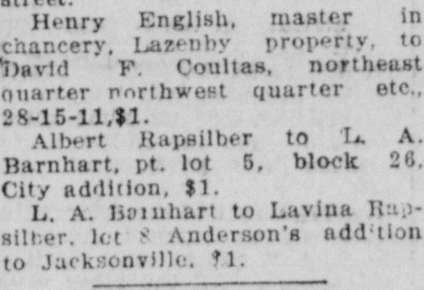

A tuneful musical comedy presented in all its dazzling splendor is "My Soldier Girl", with new book, lyrics, music and production, coming to a day matinee and night, at the Grand. This new play is brim full of comedy, contains some twenty tuneful numbers, brilliant in its gorgeous scenic effects and novel costumes, offers a splendid cast and bewitching "pony" ballet, who present this sparkling and gay musical novelty in all its merry-making. The story centers about Dixie Harris, a ward of a wealthy Floridian who was a producer of theatrical attractions long before the war.

Brunswick PHONOGRAPHS AND RECORDS. Why the Brunswick Phonograph Is What It Is—While we rely entirely on the inherent merit of the BRUNSWICK to prove its own case, as it has always done—yet, it is a source of great satisfaction to occasionally reflect on the wonderful organization and resources back of it which has not only been responsible for the present unique position of esteem in which the instrument is universally held, but which also furnishes us and our clientele of BRUNSWICK owners with the satisfying assurance that the BRUNSWICK will always be the most desired of all phonographs. A FEW FACTS CONCERNING THE MANUFACTURERS OF THE BRUNSWICK PHONOGRAPH. They are capitalized for \$50,000,000.00. —have branch offices in twenty-five cities in the United States —five in Canada, one in France, one in Cuba and one in South America. —operate their own timber lands in Northern Michigan. —make every part of the BRUNSWICK PHONOGRAPH in its entirety. —are the only phonograph manufacturers in the United States, and we think, the only one in the world, that actually does this. —have at the present time seven factories devote to the manufacture of phonographs and parts, and two factories to the pressing of records. —cut their own veneer logs and slice their own veneer. —manufacture their own panels and are just completing a plant plant to manufacture shipping cases for their phonographs. Ponder over these facts and you will readily discover the reason of our enthusiasm for BRUNSWICK Phonographs and Records. HEAR, THEN COMPARE. The way to fully appreciate the superiority of the BRUNSWICK is to hear it, then make comparison. Your ear will quickly decide in favor of the BRUNSWICK. Always the Latest Records. The H. E. Wheeler Co. 215 South Main.

Lydia E. Pinkham's Vegetable Compound Restored Mrs. Quinly's Health. Now She Does Her Housework

Shelbyville, Mo.—"I was only able to do light housework because for months my periods were excessive. I had seen your medicine extensively advertised and thought I would give it a fair trial. I took about eight boxes of Lydia E. Pinkham's Vegetable Compound Tablets according to directions and I feel like a different woman. I have not taken any medicine during the past three months and I believe my ailment is cured. I am now able to do all my housework and attend to my poultry and garden. If you feel that my testimonial will benefit anyone you are welcome to use it in your advertisements."—Mrs. L. D. QUINLY, R. F. D. No. 2, Shelbyville, Mo.

The Tower System of CULTIVATION

Your Crop Will Need Every Possible Help From

SEED BED TO HARVEST TO MAKE A PROFIT—THIS YEAR

Use the Tower Roller-Packer-Mulcher followed with the Tower Pulverizer to make an ideal seed bed. Together, they firm the sub-surface and leave a fine mulch which preserves the moisture for the dry weather which always comes later in the growing season. The 10-ft. Pulverizer hitched behind the 11-ft. Roller makes a perfect seed bed in "once-over" the field. They work perfectly on Fall plowing. On plowed sod, they do not bring the grass to the top. Always roll Spring plowing—to pack the soil and close air spaces, thereby preserving moisture.

THE TOWER ROLLER-PACKER-MULCHER

Rolls the ground even. Packs the soil firm but not tight. Gives the top soil a fine moisture preserving mulch. Crushes the clods. Prepare your corn ground with it. Does not destroy young plant growth. Roll your oats and wheat in the spring when the ground cracks open and notice the results when you thresh. The mulches the top-soil loose sprocket wheel finely and keeps the roller clean.

THE TOWER PULVERIZER

This Pulverizer makes a perfect seed bed for planting. It leaves the top-soil smooth and fine, which preserves the moisture below. Furnished in 6, 8 and 10 foot widths.

SWIMMING EXHIBITION AT WOMAN'S COLLEGE

First Exhibition of Its Kind Was
Given Friday Night—Exhibition
of Fancy Swimming and
Diving.

The students at Illinois Woman's College gave a swimming exhibition at the college gymnasium last evening. It was held in the fine large swimming pool and was witnessed by a large number of friends of the college. This is the first time that such an exhibition has been given, but its success makes it highly probable that it will become an annual event.

About twenty girls took part in the various swimming and diving stunts which were put on. The girls showed the result of careful training by the swimming instructor, Miss Veriel Black, who co-operates with Miss Lambert, the physical director, and who made the plans for last night's exhibition.

The swimming pool is of white tile construction and is 46 feet, 6 inches long, by 22 feet, 6 inches wide. Its depth ranges from 3 1/2 to 6 1/2 feet. From the dimensions it will be seen that there is ample room for swimming and diving work.

The different swimming strokes shown were, side stroke, breast stroke, back stroke, crawl, and the single and double over-arm.

Fancy and plain diving was also demonstrated, front, back, and side diving, jack-knife dive, swan dive, running front dive,

and somersault dive were among them. The last part of the exhibition was very effective. The lights were turned out and the girls swam the length of the pool holding three lighted candles. The back stroke was used and the swimmer held one candle in her mouth and one in each hand. The affair was one of the most successful given in the physical department for sometime, and it is hoped more similar exhibitions will be given.

WINCHESTER

Winchester, April 8.—Mrs. William Estes, who left Monday for a Springfield hospital, underwent an operation Thursday. Her many friends hope for her speedy recovery.

Mrs. W. H. Kinson and Miss Louise Frost left Friday afternoon for White Hall to act as judges in a contest in music and declamation held there Friday night.

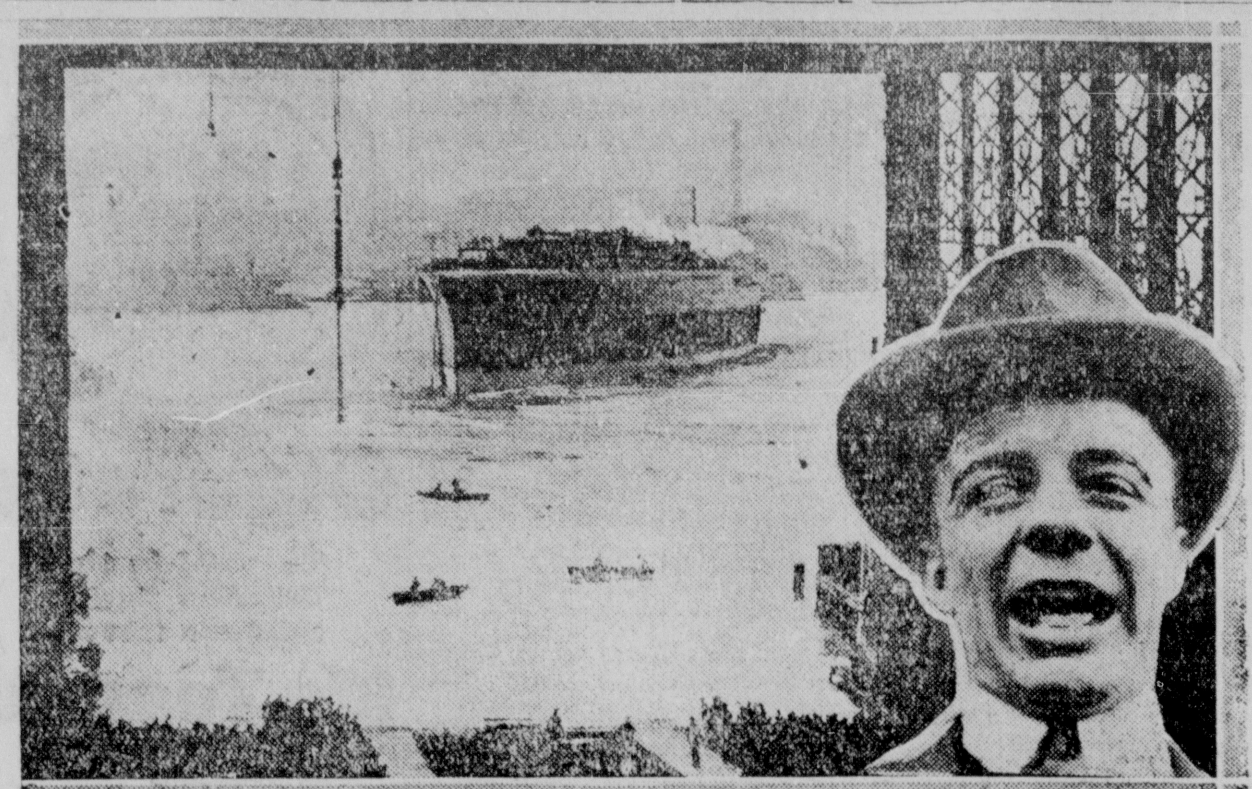

Misses Virginia Sauvage, Alice and Louise Golding, of Alton, are guests of Misses Nelle and Maude Smith at the home of their parents, Mr. and Mrs. Edward Smith, on North Main street.

There will be preaching services at the Presbyterian church Sunday evening.

J. E. Coultas is visiting his son Elmo and family at Alexandria, La.

Quite a number of Winchester citizens were visitors in Jacksonville Friday.

Mrs. C. H. Condit left Friday for Beardstown to visit relatives.

FORMER RESIDENT DIES IN HAVANA

Louis Mitchell Passes Away
Wednesday—Funeral Services
and Burial Held Here Friday.

Funeral services for Louis Mitchell were held at Diamond Grove cemetery Friday. The remains arrived from Havana over the C. P. and St. L., and were taken directly to the cemetery where brief services were held in charge of the Rev. D. V. Gowdy, pastor of Centenary church.

Deceased was 74 years of age at the time of death. For many years he was a resident of Jacksonville, being engaged in carpenter contracting work. More than twenty years ago he removed to Havana which has since been his home.

Mr. Mitchell's wife preceded him in death a few years ago. He is survived by eight children.

The bearers were: E. E. Hatfield, E. E. Wells, T. H. Rapp, Henry Linderman, S. P. Carter and Jerry Clancy, all old time friends of the deceased.

TEAMSTER FINED

John Atterberry, a teamster was arrested on a warrant sworn out by Superintendent of Streets White charging violating of the ordinance relative to scattering rubbish on the street. Atterberry was hauling rock and a considerable quantity was left on the streets to the detriment of vehicles and especially automobiles. He was arraigned in Justice Dyer's court and fined \$7 and costs.

Speaking of the matter Friday Mr. White said that there were many violators of the ordinance among coal haulers and other teamsters. He expressed the determination to stop the practice and keep the streets clean or other arrests will follow.

NAME WAS OMITTED

In an article with reference to the Alexander Woman's club which appeared in the Journal of Friday morning, the name of Mrs. E. E. Mason was thru error omitted from the list of those included in the program committee.

IS CONSIDERING NAMES FOR R. R. LABOR BOARD

President Harding Has Narrowed Choice to Six Men

W. L. PARK SAID TO BE SLATED AGAIN

(By The Associated Press)
WASHINGTON, April 8.—From several names under consideration for the three places on the railroad labor board, to be vacated April 15, President Harding is understood to have virtually narrowed his choice to a half dozen men distributed among the three groups represented on the board.

W. L. Park of Chicago, one of those whose terms expire, is generally expected to be given a reappointment. Mr. Park represents the railway managers group.

The reappointment, also, of A. J. Forester, representing the labor group, is mentioned, although a number of others, including J. J. Lahrson of Chicago, are understood to be still in the running for the labor appointment.

Wide speculation has surrounded the appointment of a board member to represent the public in succession to Henry T. Hunt of Cincinnati, the third member. Mr. Hunt is a Democrat and the general expectation has been that a Republican would be named. W. V. Hill of Philadelphia, is said to be now most prominently under consideration.

ARCADIA

The scholars who took the final examination at Litterberry Friday were: Floyd Clark, Eugene Rexroat, Theodore Thompson and Carl Anderson.

Almost every one in this vicinity attended the John Brainer sale on Friday.

Mrs. Mary Rudisill entertained at dinner Sunday H. H. Rudisill and family of Virginia, and R. A. Goodpasture and family.

Mr. and Mrs. Ed. Young of Jacksonville, spent Sunday with M. C. Thompson and family.

The scarlet fever scare is about over, as no new cases have been reported.

Mr. and Mrs. C. L. Rudisill and daughter and Misses Ellen and Ruth Deatherage spent Sunday with James Gish and family of Arenville.

C. E. Clark, our local paper hanger, is quite busy.

Persons traveling the Arcadia road will find quite an improvement in the bridge across Indian Creek. The hole at the south end which had been covered with boards, is filled with dirt, making a much better crossing.

ROBERT SMITH HOLDS CLOSING OUT SALE

Robert Smith held a closing out sale Friday morning at his farm north of Woodson. There was a large attendance of bidders and the prices realized were accounted satisfactory. The sale totaled something more than \$1,000. Wright and Henry were the auctioneers and S. J. Baker served as clerk. Lunch was served by the Ladies Aid of the Woodson Christian church.

A few of the sales recorded are listed below:

F. H. Hipper, cow, \$80.
J. T. Edelbrock, cow, \$96.
Charles Irlam, cow, \$78; another at \$59.50.

David Vieira, cow, \$60.
Guy Rook, 2 heifers, one at \$26.75, one at \$36.75.

Harry Tarzwell, heifer \$29.50.
A number of farm implements were disposed of at very good prices. The only grain sold was a quantity of oats which brought 41¢ per bushel.

Mr. Smith has recently sold his farm and held the sale for the purpose of disposing of his stock.

BOLSHIEVSKI SERVE NOTICE ON TURKS

ANGORA, April 8.—The Bolshevik have warned the Turks that their aid in the hostilities against the Greeks will be conditional on the denunciation of the Franco-Turkish treaty.

Mustapha Kemal Pasha, the Turkish nationalist leader, is declared to have replied to a reported Franco-Italian unofficial suggestion for a cessation of hostilities that he will be willing to such a move provided the Greeks abandon Thrace and Smyrna.

SENIOR CLASS PLAY IS GIVEN AT FRANKLIN

"Kicked Out of College" Is Presented Friday Night By High School Seniors Before Crowded House.

The play, "Kicked Out of College," presented Friday night by the senior class of the Franklin high school, was one of the best performances given in Franklin in recent years. The cast included a large number of the young people of the community, many of whom possess talent of a high order, and all carried out their parts in a way which made the performance a huge success.

The demand for tickets was such that before noon Friday every seat in Marguerite hall had been sold and standing room was at a premium. The play was a three act comedy drama and between the acts some very fine musical numbers were presented by Duncan & Curtis of Waverly.

Below appears the cast of characters:

Doodles Benbow, a popular senior—Porter Armstrong.
Tad Chesedline, the college cut-up—Charles Echols.
Leviticus, the ace of spades—Lloyd Whitlock.

Scotch McAllister, a hard student—Louis Wiley.
Shorty Long, in the Glee club—John Henderson.

Elvora McGhee, a happy junior—John Wright.
Benjamin J. Benbow, Doodles' father—Cullen Sweet.

Mr. Sandy McCann, coach of the college dramatic club—Howard Haynes.

Officer Riley, from the Emerald Isle—Will Reed.
Mr. Geary of the Speed Motor Car Co.—Vernon McLamar.

Jonquil Gray, the little chauffeur—Miss Ruth McLamar.
Betty Benbow, Doodles' sister—Miss Pauline Olinger.

Mrs. B. J. Benbow, Doodles' mother—Miss Lillian Tranbarger.

"Ma" Bagby, a popular landlady—Miss Anna Wright.

Mrs. Mahabite McCann, a jealous wife—Miss Margaret Thul.

Selma McCann, aged thirteen—Miss Nona Hart.

Miss Juliet Snobbs, the college stenographer—Miss Dorothy Featherstone.

Mme. Mini Mleurette, French coosumer—Miss Florence Duncan.
Salamantha Stibbins, a black wash lady—Hocking Marshall.

PHI ALPHA CELEBRATED SIXTH DEBATE VICTORY

An enthusiastic jubilation meeting was held in Phi Hall after the debate last night. The enthusiasm was pardonable, since this debate made the sixth consecutive victory for Phi Alpha. Lane Thomason presided over the meeting and introduced the following speakers: Carl E. Robinson, H. R. Thompson, Raye Ragan, "Cap" Underwood, "Jap" Underwood, Ralph Dunlap, Elmer Mickel and Ed Thois.

All of the speakers responded with speeches which were indicative of the Phi Alpha spirit, which is common to all the members, from the oldest alumni member to the youngest Freshman. It was seriously considered, during the meeting to lose next year's debate by way of encouragement to the Sigs. After singing "Old Phi Alpha Days" the meeting adjourned.

PLAN BRIDGE ACROSS MISSOURI

BOONEVILLE, Mo., April 8.—A movement to erect a half million dollar bridge across the Missouri river here as a link in the national old trails route, took definite form here today, with a campaign to raise \$300,000 of the amount in Booneville.

In less than an hour last night \$100,000 was subscribed for stock in the corporation which will build the bridge.

The remainder will be raised by Columbia, Mo., and other towns along the Old Trails route, which have pledged financial support.

HARDING DEVOTING TIME TO FIRST MESSAGE

WASHINGTON, April 8.—President Harding is devoting much time to the preparation of his first message to congress. It will be presented on Tuesday and it may be that the executive will appear at a joint session to read it, a custom revived by President Wilson.

The present understanding is that the message will cover a wide range of subjects. It probably will not be completed before Monday.

MANCHESTER O. E. S. CAVE ANNUAL DINNER

Interesting Event Took Place Tuesday Evening in Weis Building—Fine Program Presented.

Manchester, April 6.—The Manchester Chapter O. E. S. gave their third annual dinner and program Tuesday evening. About 80 members and guests were present. At 6:30 a bountiful dinner was served in the Weis building, after which the crowd repaired to the Masonic hall, where the members presented a one-act burlesque, entitled "Sister Mascha." The cast of characters was as follows:

Sister Angelcake—Master of the Lodge and Most Worthy Skyrocket—Jennie Akers.
Sister Gossip—Highback Jelly Mixer, Second in Command—Emma Chapman.
Sister Busbody—Most Refulgent Pinchshiner—Frances Curtis.
Sister Thankful—Grand Chow

Peoria, Ill.—"Dr. Pierce's Golden Medical Discovery is the best tonic and builder of a rundown system. The influenza left us all, myself and two children, in a very weakened, run-down condition from which we could not seem to recover, and each had an aggravating cough that seemed to be in the bronchials. We were all very miserable when I got Dr. Pierce's Golden Medical Discovery and it not only built us all up in health and strength but relieved us of the annoying coughs."—Mrs. Mary Fanner, 339 Widenham St.

After the play a short time was spent in games, after which all departed for their homes, having spent a very pleasant evening.

WANTS MORMONS TO MARRY OWN FAITH

SALT LAKE CITY, Utah, April 6.—Declaring that if the young men and women of the Mormon church did not discontinue marrying non-church members, the church would suffer disintegration and its work would eventually be in vain, Apostle M. J. Ballard made a vigorous plea at today's session of the ninety-first annual conference, for the youth of the church to choose mates of the same faith.

Marriage with a view to rearing children was another plea that Apostle Ballard made in attacking the divorce evil. He declared that it was because so many marriages were childless that there were so many divorces.

Feet Drag?
When it is an effort to drag one foot after the other, when you are always tired and seem lacking in strength and endurance, when aches and pains rack the body, it is well to look for symptoms of kidney trouble.
Foley Kidney Pills
banish effects of kidney and bladder trouble by removing the cause. They are healing and curative. They tone up and strengthen the weakened or diseased organs. They relieve backache, rheuma; pains, stiff joints, sore muscles.
W. W. Wells, Tongum, Mich., writes: "I got great relief from taking Foley Kidney Pills. I am on my feet most of the time and get tired out. After taking Foley Kidney Pills, they make me feel like a new man. I recommend them to my customers and never have heard of any case where they did not give satisfaction."

RED CLOVER LEAF TRIAL

The Chapin Good Roads club has been organized and in co-operation with the Commercial club of Mercedosia and other towns will begin marking the Red Clover Leaf Trial next Monday from Jacksonville to Mercedosia and then on westward to Griggsville and Hannibal. The Trail as outlined will begin at Jacksonville and pass thru Chapin and on to Mercedosia, via short route, thereby cutting off about three miles and also having a better road than the marked trail road as it now runs. Suitable signs will be put up along the way to show the traveler on his way, and the road will be kept in first class shape.

DISCUSSES THE POWER OF ENVIRONMENT

Evangelist LaMance Delivers Strong Sermon at Grace Church Friday Evening—No Services Tonight.

Another large audience was present at Grace church last night to hear Evangelist LaMance talk of "The Power of Environment." It was a strong sermon and held the interest of the auditors from start to close. The song service preceding the sermon was of a very inspirational nature, the large chorus choir under the leadership of Mrs. LaMance doing some fine work.

It was announced that there will be no service tonight. All children who are willing to spend about 45 minutes helping to advertise the Sunday services are asked to meet at the church this afternoon at 1 o'clock.

A few paragraphs from the sermon of Friday night are presented herewith: "Many people do not take the matter of environment at all seriously. They seem to think they can join evil companions and yet live a triumphant Christian life, but they soon lose their Christian influence and find their own Christian experience utterly fruitless. A woman who was a prominent member of a church in a certain city came and knelt at the altar one night and later said to me: 'Do you wonder I am here, seeking to get right with God at forty years of age? I learned to play cards, joined a card club and was soon playing for prizes and then discovered that I had utterly lost my fellowship with God. I had lost my Christian influence, and that is why I am here.'

"People who live in an environment unfavorable to the realization of the highest and best things must change their environment. The mountain region of Kentucky has been the early environment of many worthy and noted people, but they had to change their environment to reach their ideals.

"The Bible likens a righteous man to a tree whose leaf shall not wither. Lincoln's leaf shall never wither. He was born in Kentucky but had to leave that region to grow into statesmanship. I can mention many other people who were born in the mountain regions of the south who have become noted, but they all changed their environment and made good.

"The church is the environment which will produce better results in the making of character than anything else on earth. Alvan York, the greatest soldier of the world war, found a true source of inspiration in the teachings of the church.

"The people of Jacksonville have an environment of schools and churches that affords the greatest opportunity possible in life. There is no excuse for the young man or woman of this community not being educated and trained in all the higher ways. But these very opportunities may become a source of danger, if you trust to them alone and become self-satisfied. You will find that while you are constantly indifferent to the call of Christ that the devil is tearing down the foundations of all that you hold dear."

In closing Mr. LaMance pointed out the fact that the wicked shall be like the chaff which the wind blows away. He made an earnest plea for all those within his hearing to seek the right environment for the living of a true Christian life.

Social Events

Lutheran Aid Society
The Ladies' Aid of Lutheran church was entertained Thursday afternoon by Mrs. Chris Henze at her home on North Church street. The ladies spent the afternoon sewing on quilts, to make money for the erection of their new church. A delicious supper was served by the hostess at 5 o'clock. There were twenty four present including several guests.

Were Hostesses to Friday Circle
Mrs. James Vail and Mrs. Claude Vail entertained the Friday Social Circle yesterday afternoon at their residence on South Diamond street. There were eight guests at the meeting yesterday and the afternoon was delightfully passed with a social time. Excellent refreshments were served during the afternoon.

Entertained Sewing Club
Mrs. Fletcher Hopper was hostess to the members of her sewing club yesterday afternoon at her home on West College avenue. The guests brought needlework and the time was pleasantly spent in an informal way. In the course of the afternoon the hostess passed dainty refreshments.

Entertained Friends
Miss Louise Walbaum entertained a number of her girl friends at an informal party Thursday evening at the home of Mrs. Tindall on South Main street. The young ladies spent the evening very merrily and the hostess served some dainty refreshments.

Mrs. Vosseller Hostess to Fine Point Club
Mrs. J. O. Vosseller entertained the members of the Fine Point club in a very delightful way yesterday afternoon at her home on West College avenue. In the course of the afternoon delicious refreshments were served.

Enjoyable Dance At Rount College
One of the most enjoyable events of the school year was the dance given in the auditorium of Rount college Friday night by the Sophomores and Freshmen of the high school to the upper classes.

About fifty couples were present and a splendid program of dances was carried out, music being furnished by Kiel's orchestra. The entire affair was in charge of Miss Heffernan, instructor in English of the college and member of the faculty served as chaperones. During the evening refreshments were served.

PHI ALPHA WON IN JOINT DEBATE

Vanquished Sigma Pi Men in Discussing the Immigration Question.

Phi Alpha won from Sigma Pi in the annual debate at Illinois college Friday night. This was the sixth successive victory for Phi Alpha. Dr. J. G. Ames presided and the present day question for consideration was: "Resolved, That European Immigration Should Be Further Restricted by Law." Phi Alpha's representatives were Ray Ragan, Lane Thompson and Homer Thompson, while Sigma Pi's side of the question was supported by Bernard Frazier, Hugh Wilson and Franklin Scott.

The judges were Prof. Tynor, head of the department of history of Shurtleff college; H. O. Tunison, attorney of White Hall, and Rev. M. L. Pontius. Their decision was two to one in favor of the affirmative. The chapel in Jones Memorial building, where the debate was held, was filled by the interested audience.

The affirmative emphasized among other points that present bad unemployment conditions would be made the worse by the influx of immigrants and that their coming makes further difficulties in maintaining the American standards of living. It was shown how the problems of the larger cities of the country really center in very large measure around the foreign population.

The negative supporters brought out the fact that certain lines of industry would be paralyzed were it not for the foreign labor. There are certain tasks in industry for which these men are fitted and which they are willing to undertake, which by no means appeal to American workers. The seeming inconsistency of preventing the admittance of those who honestly seek to better their condition by coming to this country was brought out.

Both sides discussed the relation of the war to the question, it being admitted that the war gave some phases to the question which had not been before included. The arguments presents all gave proof of the earnest study of the question by the participants and the people in the audience had the benefit of varied viewpoints of a big question.

PASSAVANT DANCE IS BIG SUCCESS

Over 150 Couples Attend Event in Armory Hall Friday Night — Hall Tastefully Decorated for Occasion.

An unqualified success was the dance given in Armory hall Friday night, for the benefit of Passavant hospital. One hundred and fifty-five couples were in attendance and excellent music was furnished by Dunlap's orchestra.

The dance was given under the auspices of Mrs. E. W. Brown and Mrs. W. L. Alexander, assisted by an able committee. To them is due much credit for the success of the affair.

Armory hall was made attractive by the liberal use of roses and narcissus, placed in the windows and American flags. The grand march prior to the dance program was led by Mr. and Mrs. E. W. Brown and Mr. and Mrs. A. M. Masters.

The financial result will be made known in a few days. However, there is no doubt but that a goodly sum will be realized for the hospital laundry fund.

WITH THE SICK

Mrs. Fannie Devore is a patient at Passavant hospital following a slight operation. James Swank has been a patient at Our Savior's hospital for the past few days.

Miss Becky Jane Pyatt is ill at her home on West North street with an attack of measles.

Ernest LaBoiteaux, who recently underwent a throat operation, is improving and will resume his duties at Mullenix and Hamilton's confectionary in a few days.

Mrs. Lillian Stout, who has been a patient at Passavant hospital for the past few days is improving and will soon be able to return to her home.

Dorothy Reeve, little daughter of Mr. and Mrs. Arthur Reeve, has been very ill for a number of days at their home southeast of the city. Now, however, the child is improving and is accounted as out of danger.

BIRTHS

Born to Mr. and Mrs. Oliver Lindsay, residing east of Litterberry, a son.

CHAUTAUQUA DIRECTORS
ELECT OFFICERS
Directors of the Chautauqua association held a meeting at the Peacock Inn Friday evening. A number of reports relating to last year's chautauqua were presented and some matters in relation to the chautauqua this year were discussed. Officers elected are as follows:
President — Thomas Worthington.
Vice president — John W. Merri-gan.
Treasurer — V. R. Riley.
Secretary — A. C. Rice.

SISTERS ARE GRATEFUL FOR GIFT

The sisters at Our Savior's Hospital are very grateful for the cash donations of \$34.50 recently derived from the rooster auction realized thru the generosity of J. J. Mallen and Son at the Zahn's Auto Inn.
